

BREAST IMPLANT HEALTH SUMMIT 2022

Friday, October 21st

Saturday, October 22nd

Sunday, October 23rd

VIRTUAL EVENT

This 3-day practitioner-driven summit aims to educate healthcare professionals and will provide them with tools and strategies to address the needs of patients experiencing breast implant-related health concerns.

Global Health experts will share their research, their clinical experiences studies, and address current topics.

If you are a healthcare professional caring for a patient with implantable devices, such as breast implants, this summit will help you learn more about the risks associated with them.

Haymarket Medical Education is offering 4 hours of CE credits on Saturday morning (AMA, ANCC, AAPA)

***presentations to be announced**

While the conversation is geared toward practitioners; those with breast implant-related illnesses are also welcome to attend.

Discount is available to all those with breast implant-related issues. Please see the website for additional discount opportunities.

Registraton Fee: \$250 before October 1st

\$350 After October 1st. Post-conference, the presentations will be accessible for 3 months.
